Forecast For Wales
Issued by Met Office Exeter
at 1600 on Tuesday 28 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Predominantly dry and clear; blustery on the coast.

This Evening and Tonight:
Daytime rain easing to scattered showers, concentrated in the centre of the country, and cloud clearing to the east, leaving clear spells through the night. Blustery overnight, particularly along the coast. Minimum temperature 7 deg C (45 deg F).

Wednesday:
Sunshine and showers through the day, clearing in the afternoon, and remaining dry for most people. Remaining windy along the north coast but easing elsewhere. Maximum temperature 15 deg C (59 deg F).

Outlook for Thursday to Saturday:
Unsettled, with strong winds and outbreaks of rain, some locally heavy, throughout this period, interspersed with sunshine and showers.
